OW has done a good job incorporating OPPT's and OLEM's edits into the 2nd attachment – the coms one-pager.

Any remaining issues/edits? Thanks for your work on this, Jeff and Hans!

The 1st attachment is the power-point from today's OLEM/OW/? Hill briefing.

Subject: Follow Ups

Hi all—

Here are the two documents that I promised to share with you on today's call. The first is from today's Hill briefing. The second is a first draft of a messaging document that we could use going forward at EPA. I will work with Larry tomorrow to develop a second document that would be more useful to the states. On the messaging document, if you have any comments, please get them to me as early as possible tomorrow.

Thanks!
